I think they did not submit a formal response. I gave them an extension until the meeting had occurred. Later on today I will look at my notes to see what if anything transpired after that. Did NML attend the meeting? I think that was held at the end of Sept 2010.

If I don't get back to you before the end of the day, have a great weekend and holiday.

That sounds right. I was more specifically interested in any written response (denial of liability, etc.).

Thanks.

Karyllan,

In early 2010 I exchanged email with the Newark Morning Ledger's attorney, Darryl Kessler. He was under the impression that because the CPG had not put forward NML as a PRP candidate, it was uncertain about how to accept NML as a member, or whether this would be possible at all. My email to him shows that at the time, KL Gates was preparing a presentation for newly noticed parties. He was going to attend that meeting and then respond.

In April 2010, I emailed Stacy Schiding at LECG, who was seeking information about recently noticed parties. At that time, NML was still on hold, waiting to hear from KL Gates. Do you recall if that meeting ever happened? I need to look more at my notes and correspondence to determine what happened next.

Sarah -

I have the GNL for the Star Ledger. Did they submit any kind of response to EPA? Also, we are

compiling some data/document requests so you will probably see that in the coming week.

Thanks and have a nice Easter.
